SRAS SUPER RADIAL ANCHOR SEAL

SRAS SUPER RADIAL ANCHOR SEAL

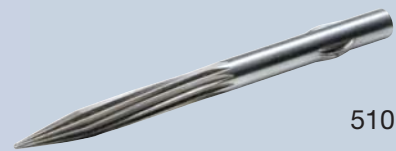

Small causes – big effects

Even small objects can penetrate the tyre tread, thus causing slow air loss.

Once the tyre pressure has fallen below a critical limit, the flexing strain put on the rubber increases significantly, and the ensuing heat build-up is likely to destroy the tyre. Quick repair is required.

Do it yourself*:

BENEFITS

- Extremely fast puncture sealing
- **No need for demounting the tyre – repair from outside***
- Perfect seal due to cold vulcanization
- The repair plug stays on tightly even at high speeds.
- Ideal for roadside repairs
- **Saves time and high repair costs**
- Available as a kit including tools, or as a replacement pack

The TIP TOP SUPER RADIAL ANCHOR SEAL (SRAS) repair system enables quick roadside puncture fixing without having to demount the wheel from the vehicle.*

The specifically shaped rubber repair plug with its special adhesive coating is inserted in the tread injury from outside. It automatically seals the puncture channel. The repair plug, with its specific shape, acts like an anchor. It hooks itself on the tyre inside while completely plugging the puncture channel, and sealing the tyre.

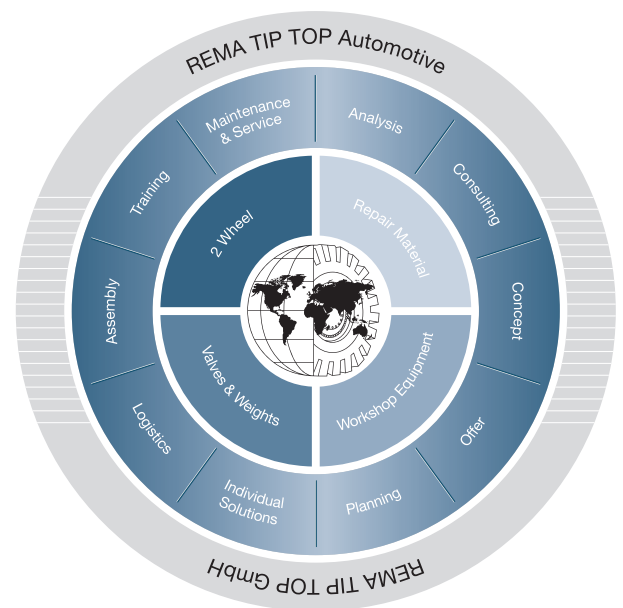

* Observe country-specific repair regulations. When using the product in the Federal Republic of Germany, observe the German regulations on the repair of pneumatic tyres (Vkbl.2001, page 91)

SRAS SUPER RADIAL ANCHOR SEAL

Ref. No.	Description/type
510 36 03	SRAS workshop kit (contents: 25 repair plugs, 1 40 g tin of SPECIAL CEMENT BL, hand ratchet, inserting tool, chalk, knife)
510 37 06	SRAS replacement pack (contents: 40 repair plugs)
510 15 57	Rotary cutter (diameter 6 mm)
510 15 40	Hand ratchet
510 22 02	Folding inserting tool
515 93 41	SPECIAL CEMENT BL (40g tin)

We manage your workshop. Quality with a system.

REMA TIP TOP is synonymous for first-class products, systems and services from a single source. We convince our customers by our progressive technology, ground-breaking innovations and a world-wide service network.

The pictures shown in the brochure may differ from the delivered equipment and include optional accessories. For detailed information on optional accessories, please request the respective brochure or visit us at www.rema-tiptop.com.
